

prepare_auth

```
graph LR; A[prepare_auth] --> B[prepare_content_length]
```

A flow diagram consisting of two rectangular boxes connected by a blue arrow. The first box on the left is gray and contains the text 'prepare_auth'. A blue arrow points from this box to a second box on the right, which is white and contains the text 'prepare_content_length'. Both boxes have a thin black border.

prepare_content_length
