

prepare

```
graph LR; A[prepare] --> B[prepare_method]
```

A diagram showing a flow from a box labeled 'prepare' to a box labeled 'prepare_method'. The 'prepare' box is white with a black border, and the 'prepare_method' box is gray with a black border. A blue arrow points from the right side of the 'prepare' box to the left side of the 'prepare_method' box.

prepare_method
