

`pip._vendor.urllib3.contrib.securetransport.
WrappedSocket.recv`

`recv_into`

```
graph LR; A["pip._vendor.urllib3.contrib.securetransport.  
WrappedSocket.recv"] --> B[recv_into]; B --> B;
```

The diagram illustrates a function call. A light blue box on the left contains the code `pip._vendor.urllib3.contrib.securetransport.WrappedSocket.recv`. A straight blue arrow points from this box to a dark gray box on the right labeled `recv_into`. A curved blue arrow loops back from the top of the `recv_into` box to its top-left corner, indicating a recursive or self-referential call.
