

```
pip._vendor.pyparsing.testing.pyparsing  
_test.reset_pyparsing_context.__enter__
```

save

```
graph LR; A["pip._vendor.pyparsing.testing.pyparsing  
_test.reset_pyparsing_context.__enter__"] --> B[save]; B --> B;
```

The diagram illustrates a flow from a long, multi-line code path to a single node labeled 'save'. A straight blue arrow points from the right side of the code block to the 'save' node. The 'save' node is a gray rectangle with a black border. A curved blue arrow originates from the top of the 'save' node and points back to its top, indicating a self-loop or a return path.
