

mode

```
graph LR; mode[mode] --> handler[pip._vendor.distlib.NullHandler.handle];
```

The diagram consists of two rectangular boxes connected by a blue arrow. The first box, on the left, is gray and contains the text 'mode'. A blue arrow points from the right side of this box to the left side of a second box. The second box is white with a black border and contains the text 'pip._vendor.distlib.NullHandler.handle'.

pip._vendor.distlib.Null
Handler.handle
