

`pip._vendor.pygments.filters.
CodeTagFilter.filter`

`pip._vendor.pygments.filters.
VisibleWhitespaceFilter.filter`

`_replace_special`

```
graph LR; A["pip._vendor.pygments.filters.CodeTagFilter.filter"] --> C["_replace_special"]; B["pip._vendor.pygments.filters.VisibleWhitespaceFilter.filter"] --> C;
```

The diagram illustrates a shared method reference. Two separate filter objects, `CodeTagFilter.filter` and `VisibleWhitespaceFilter.filter`, both point to the same `_replace_special` method. The filter objects are shown in white boxes with black borders, while the method name is in a gray box. Blue arrows indicate the direction of the reference from each filter to the shared method.
