

list_values

```
graph LR; A[list_values] --> B[_get_n_args]
```

A diagram showing a call from a function to another function. On the left, a gray rectangular box contains the text 'list_values'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text '_get_n_args'. Both boxes have a thin black border.

_get_n_args
