

run

```
graph LR; run[run] --> method["pip._internal.cli.req_command.SessionCommandMixin.get_default_session"]
```

The diagram consists of a small grey box on the left containing the word 'run'. A blue arrow points from the right side of this box to a larger white box on the right. The white box has a black border and contains the text 'pip._internal.cli.req_command.SessionCommandMixin.get_default_session'.

pip._internal.cli.req
_command.SessionCommandMixin.get
_default_session
