

pip.\_internal.models.link.  
Link.from\_element

pip.\_internal.models.link.  
Link.from\_json

supported\_hashes

```
graph LR; A["pip._internal.models.link.  
Link.from_element"] --> D[supported_hashes]; B["pip._internal.models.link.  
Link.from_json"] --> D;
```

The diagram illustrates that both `Link.from_element` and `Link.from_json` methods from the `pip._internal.models.link` module interact with the `supported_hashes` attribute. Two blue arrows originate from the right side of the left boxes and point towards the `supported_hashes` box on the right.
