

origin\_req\_host

```
graph LR; A[origin_req_host] --> B[get_origin_req_host]; B --> C[get_host];
```

A flowchart illustrating a sequence of three steps. The first step, 'origin\_req\_host', is contained within a gray rectangular box. A blue arrow points from this box to the second step, 'get\_origin\_req\_host', which is in a white rectangular box with a black border. Another blue arrow points from the second box to the third step, 'get\_host', also in a white rectangular box with a black border. The boxes are arranged horizontally from left to right.

get\_origin\_req\_host
