

`_cert_array_from_pem`

```
graph LR; A["_cert_array_from_pem"] --> B["_cf_data_from_bytes"]
```

A diagram showing a function call. On the left, a white rectangular box with a dark border contains the text `_cert_array_from_pem`. A blue arrow points from the right side of this box to the left side of a gray rectangular box with a dark border on the right. The gray box contains the text `_cf_data_from_bytes`.

`_cf_data_from_bytes`
