

`_should_cache`

```
graph LR; A[_should_cache] --> B[_contains_egg_info]
```

A diagram showing a dependency. On the left, a gray rectangular box contains the text `_should_cache`. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text `_contains_egg_info`. Both boxes have a thin black border.

`_contains_egg_info`
