

SpinnerInterface

```
classDiagram
    class SpinnerInterface
    class NonInteractiveSpinner
    NonInteractiveSpinner --|> SpinnerInterface
```

The diagram illustrates a class hierarchy. At the top is a box labeled 'SpinnerInterface'. Below it is a box labeled 'NonInteractiveSpinner'. A blue arrow points from the 'NonInteractiveSpinner' box up to the 'SpinnerInterface' box, indicating that 'NonInteractiveSpinner' implements or inherits from 'SpinnerInterface'.
