

request

```
graph LR; request[request] --> pip_module[pip._vendor.urlib3.connection._get_default_user_agent]
```

The diagram consists of two rectangular boxes connected by a blue arrow. The first box on the left is gray and contains the word 'request'. A blue arrow points from the right side of this box to the left side of a second, white box on the right. The second box has a black border and contains the text 'pip._vendor.urlib3.connection._get_default_user_agent'.

pip._vendor.urlib3.connection.
_get_default_user_agent
