

```
graph LR; A["pip._vendor.urllib3.response.  
DeflateDecoder.decompress"] --> B[decompress]; A --> A; B --> B;
```

Diagram illustrating a call to the `decompress` method of the `DeflateDecoder` class from the `pip._vendor.urllib3.response` module.

The diagram shows a box containing the module and class path: `pip._vendor.urllib3.response.DeflateDecoder.decompress`. A blue arrow points from this box to a gray box labeled `decompress`. Additionally, a curved blue arrow points from the top of the first box back to itself, and another curved blue arrow points from the top of the gray box back to itself, indicating a self-call or a return path.

`decompress`
