

`pip._internal.commands.debug.  
DebugCommand.run`

`show_vendor_versions`

`show_actual_vendor  
_versions`

```
graph LR; A["pip._internal.commands.debug.  
DebugCommand.run"] --> B["show_vendor_versions"]; B --> C["show_actual_vendor  
_versions"]
```

The diagram illustrates a sequence of three steps in a flowchart. The first step is a box containing the code `pip._internal.commands.debug.DebugCommand.run`. A blue arrow points from this box to a second box containing `show_vendor_versions`. Another blue arrow points from the second box to a third, shaded box containing `show_actual_vendor_versions`.
