

RequestHooksMixin

```
classDiagram
    class RequestHooksMixin
    class Request
    Request --|> RequestHooksMixin
```

A UML class diagram showing a relationship between two classes. The class 'RequestHooksMixin' is at the top, represented by a white box with a black border. The class 'Request' is at the bottom, represented by a gray box with a black border. A blue arrow points from the 'Request' box up to the 'RequestHooksMixin' box, indicating that 'Request' inherits from 'RequestHooksMixin'.
