

get\_repository\_root

```
graph LR; A[get_repository_root] --> B[is_repository_directory]
```

The diagram consists of two rectangular boxes connected by a horizontal blue arrow. The left box is filled with a dark gray color and contains the text 'get\_repository\_root'. The right box is white with a thin gray border and contains the text 'is\_repository\_directory'. The blue arrow points from the right side of the first box to the left side of the second box, indicating a directional relationship or dependency between the two components.

is\_repository\_directory
