

`pip._internal.utils.logging.  
RichPipStreamHandler.emit`

`pip._vendor.rich.logging.  
RichHandler.emit`

`format`

```
graph LR; A["pip._internal.utils.logging.  
RichPipStreamHandler.emit"] --> D["format"]; B["pip._vendor.rich.logging.  
RichHandler.emit"] --> D; D --> D;
```

The diagram illustrates a flow of data or control. On the left, there are two rectangular boxes. The top box contains the text `pip._internal.utils.logging.RichPipStreamHandler.emit`. The bottom box contains the text `pip._vendor.rich.logging.RichHandler.emit`. Arrows from the right side of both boxes point towards a gray rectangular box on the right labeled `format`. Additionally, a curved blue arrow originates from the top of the `format` box and points back to its top, indicating a self-loop or recursive call.
