

`_from_dict`

```
graph LR; A["_from_dict"] --> B["pip._internal.models.direct_url._get"]
```

A diagram illustrating a function call. On the left, a gray rectangular box contains the text `_from_dict`. A blue arrow points from the right side of this box to the left side of a larger white rectangular box on the right. This white box contains the text `pip._internal.models.direct_url._get` on two lines.

`pip._internal.models.direct
_url._get`
