

load_module

```
graph LR; A[load_module] --> B[pip._vendor.distlib.wheel._load_dynamic]
```

A diagram showing a mapping from a function name to a specific module path. On the left, a gray rectangular box contains the text 'load_module'. A blue arrow points from this box to a larger white rectangular box on the right. The white box contains the text 'pip._vendor.distlib.wheel._load_dynamic'.

pip._vendor.distlib.wheel.
_load_dynamic
