

```
pip._internal.models.search  
_scope.SearchScope.get_formatted  
_locations
```

```
pip._internal.models.search  
_scope.SearchScope.get_index  
_urls_locations
```

index\_urls

```
graph LR; A["pip._internal.models.search_scope.SearchScope.get_formatted_locations"] --> C["index_urls"]; B["pip._internal.models.search_scope.SearchScope.get_index_urls_locations"] --> C;
```

The diagram illustrates a relationship between two methods and a common attribute. Two white rectangular boxes on the left contain method names. Blue arrows from the right side of each box point towards a gray rectangular box on the right. The top box contains the text 'pip.\_internal.models.search\_scope.SearchScope.get\_formatted\_locations'. The bottom box contains the text 'pip.\_internal.models.search\_scope.SearchScope.get\_index\_urls\_locations'. The gray box on the right contains the text 'index\_urls'.
