

fp_is_smaller

fp_sample

multiprecision_is_smaller

```
graph LR; A[fp_is_smaller] --> C[multiprecision_is_smaller]; B[fp_sample] --> C;
```

The diagram illustrates a functional dependency or data flow. On the left, there are two rectangular boxes: the top one contains the text 'fp_is_smaller' and the bottom one contains 'fp_sample'. On the right, there is a single, wider rectangular box containing the text 'multiprecision_is_smaller'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the right box, indicating that both 'fp_is_smaller' and 'fp_sample' serve as inputs to 'multiprecision_is_smaller'.
