The diagram illustrates a relationship between two methods of the `Spinner` class and a `render` function. On the left, there are two white rectangular boxes with black borders. The top box contains the text `pip._vendor.rich.spinner.Spinner.__rich_console__` and the bottom box contains `pip._vendor.rich.spinner.Spinner.__rich_measure__`. Two blue arrows originate from the right side of these boxes and point towards a single gray rectangular box on the right labeled `render`.
