

advance

```
graph LR; A[advance] --> B["pip._vendor.rich.progress.  
Task.get_time"]
```

A diagram illustrating a function call. On the left, a gray rectangular box contains the word "advance". A blue arrow points from the right side of this box to a larger white rectangular box on the right. This white box contains the text "pip._vendor.rich.progress.Task.get_time" in two lines.

pip._vendor.rich.progress.
Task.get_time
