

iter_declared_entries

```
graph LR; A[iter_declared_entries] --> B["_iter_declared_entries<br/>_from_record"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'iter_declared_entries'. The right box is gray with a black border and contains the text '_iter_declared_entries' on the top line and '_from_record' on the bottom line.
