

feed

```
graph LR; feed[feed] --> func[pip._vendor.msgpack.fallback._get_data_from_buffer]
```

A diagram illustrating a function call. On the left, a gray rectangular box contains the word "feed". A blue arrow points from the right side of this box to the left side of a larger white rectangular box on the right. This white box has a black border and contains the text "pip._vendor.msgpack.fallback._get_data_from_buffer".

pip._vendor.msgpack.fallback.
_get_data_from_buffer
