

`_is_linux_i686`

```
graph LR; A[_is_linux_i686] --> B[_get_elf_header]
```

A diagram showing a dependency. On the left, a gray rectangular box contains the text `_is_linux_i686`. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text `_get_elf_header`. Both boxes have a thin black border.

`_get_elf_header`
