

close

```
graph LR; A[close] --> B[pip._vendor.urllib3.connectionpool._close_pool_connections];
```

A diagram illustrating a function call. On the left, a gray rectangular box contains the word "close". A blue arrow points from this box to a larger white rectangular box on the right. This white box contains the Python module path "pip.\_vendor.urllib3.connectionpool.\_close\_pool\_connections".

pip.\_vendor.urllib3.connectionpool.  
\_close\_pool\_connections
