

mode

```
graph LR; mode[mode] --> handler[pip._vendor.distlib.NullHandler.handle];
```

A diagram illustrating a variable assignment. On the left, a gray rectangular box contains the text 'mode'. A blue arrow points from the right side of this box to a larger white rectangular box on the right. This white box contains the text 'pip._vendor.distlib.NullHandler.handle'.

pip._vendor.distlib.Null
Handler.handle
