

\_prepare

```
graph LR; A[_prepare] --> B[_prepare_distribution]
```

A flow diagram consisting of two rectangular boxes connected by a blue arrow. The first box on the left is white with a black border and contains the text "\_prepare". A blue arrow points from the right side of this box to the left side of the second box. The second box on the right is gray with a black border and contains the text "\_prepare\_distribution".

\_prepare\_distribution
